

**GARAGE  
SALE IT**

## Example Medium School Outcomes

Example 2: Medium School				
Average Number of Children:	600			
Children that participate:	70%			
Participating Children:	420			
Number of Items donated per child:	1	or	2	
Number of Items available for sale:	420	or	840	
Average number of items sold	65%		65%	
Number of items 'sold'	273		546	
Sold at average price of	\$10		\$5,460	
Sold at average price of	\$15		\$8,190	
Sold at average price of	\$20		\$10,920	

**Using the above assumptions - A medium sized school could potentially raise between **\$2,730 - \$10,920****

★ If you happen to have left over donations you can:

- Extend your fundraiser end date, continue the generosity and on-donate the goods to another charitable organisation: or
- Simply store the items for your next GarageSaleIt Fundraiser!

★ Total Outlay to achieve above examples:

- \$50
