

**GARAGE
SALE IT**

Example Small School Outcomes

Example 1: Smaller School				
Average Number of Children:	300			
Children that participate:	80%			
Participating Children:	240			
Number of Items donated per child:	1	or	2	
Number of Items available for sale:	240	or	480	
Average number of items sold	70%		70%	
Number of items 'sold'	168		336	
Sold at average price of	\$10		\$3,360	
Sold at average price of	\$15		\$5,040	
Sold at average price of	\$20		\$6,720	

Using the above assumptions - A smaller school could potentially raise between **\$1,680 - \$6,720**

★ If you happen to have left over donations you can:

- Extend your fundraiser end date, continue the generosity and on-donate the goods to another charitable organisation: or
- Simply store the items for your next GarageSaleIt Fundraiser!

★ Total Outlay to achieve above examples:

- \$50
